2024

It's that time of year when we reflect on ourselves and evaluate where we've been and where we're going. We have all survived a 4th year of chaos by the grace of Almighty God and in the loving arms of Christ our Lord.

So much so, that it bears repeating a segment from last years letter.

“So much has transpired in the last year that most of us never thought we'd witness in our lifetime. But what we have learned is that more than ever we need to stay close to our God, family and friends.

We find ourselves ever alert, ever present in thought, sight and mind of our surroundings; never taking what used to be for granted. What was once our steady tried and true world has become a whirl wind of chaos, uncertainty and confusion. Norms which were logical and direct have been replaced by wild notions, beliefs and unending platitudes signifying nothing; no real substance, all containing a lot of hot air.”

And so, it is. But one must look at the total picture to make sense of it all. The season itself is the key and the scripture verifies it; **Luke 19:10, John 3:16, Isaiah 9:6** and **2nd Corinthians 9:15**. And yet, even with all that so many have failed to understand the true meaning of **Romans 10:13**. For those of us who have read the Mirror Study Bible through the life's work of Francois De Toit, the updating of the language from biblical times to our own so wonderfully presents the scriptures as they are truly meant to be received.

If we truly believe that we can call on Jesus and be transformed, completely accepted regardless of our past then a whole new realm awaits us. If we have accepted Him into our hearts and our minds and both are transformed with that revelation and acceptance, then we will want the anointing of the Holy Spirit to be a part of that revelation without question.

Oh, the wonder of the realization that comes with that enlightenment. That we are then true sons and daughters in Christ Jesus and that in turn places us in the loving arms of Almighty God the Father. If They are for us who could possibly be against us and win? The remarkable reformation of our very being has taken place and being sons and daughters brings about the further revelation that we are in Christ and He is in us.

In the Lord's prayer that he gave us Jesus asks us to confirm our mutual Father in heaven, that his name is Holy above all else and that His kingdom will come and be on earth as it now exists in heaven.

As a physicist, I have come to realize that what that implies is a concept we take for granted in the scientific community today that there are other dimensions. How strange, unraveling and unbelievable that concept must have been for people in John and Jesus time. Hence the scriptures which comprise the book of **Revelation** when viewed in the time of its creation truly point to another dimension of reality and location.

From the book of Thomas, considered one of the closest iterations of Jesus; when people asked Jesus "when will the kingdom come, this kingdom of heaven you are talking about?" Jesus replied, "the kingdom of heaven is spread upon the earth but, men do not see it". The statement implies that heaven is already here right where we are now. There exists only a dimensional barrier that can be removed if we are truly transformed, and are in Christ with the Holy Spirit. Some can cross that barrier at will as the result of some event or revelation that has occurred in their own lives. The statement that Jesus is the way, and the light is not an idle comment but a signaling road sign of that reality. It is the key which when applied fully with all your being, faith and in the company of the Holy Spirit, can "unlock" the dimension and you will see it.

Putting all that we know together and combining it with my own life experience, I can truly say Oh, how significant are those first five lines of the Lord's prayer. When combined with our

knowledge of the scriptures and the realization that we are sons and daughters in Christ, that we have become one with Jesus and the Holy Spirit, how can we not see that we have already been rescued from any reality to the contrary.

As such the commandment given to us is to do here on earth as we would if we were in heaven, that other dimension already here on earth. Sure, it's out of view for now, but the book of **Revelation** assures us that one day when the prophecies have been fulfilled, Jesus will step through the "veil" thus linking that dimension so that it will become visible to all. He will send across that "veil" many things ahead of his stepping across and that is well documented in the language of John's time in the book of **Revelation** and brought up to date in the "**Mirror**".

Long ago Jesus uttered those words on the cross, "It is finished" and with that the whole earth shook and the first great resurrection occurred. This can be documented in history throughout the world in ancient cultures which recorded the skies going dark also and the presence of visible spirits rising at that time.

But time has passed since this great event and that of the end of the age. But remember the time we know is of our own making. Are we to construe that there is something yet to come in our time as an event or "apocalypse" if you will? The resurrection that is mentioned in the book of **Revelation** is a spiritual awakening we have only to ask for (**Romans 10:13**). We have already been risen with Christ along with those who are not in Christ.

But we who are in Christ and truly believe that Christ is in us have already been rescued. We are working to fulfill the commandment Jesus gave us, we have nothing to fear, we have achieved the greatest revelation that we are here in heaven on earth and can discard the notion that we need to be rescued again at some point through some event or a process that appears nowhere in scripture designated as "The Rapture".

In scripture as in life when we pull thoughts and bits of reality out of context it muddies the waters. If you truly believe what I have presented here, then stop waiting and go forth and change the world for the better. You can be assured that you are truly a part of Him, heart, mind, soul and body for all eternity and can never be separated from Him.

May our Lord bless you and keep you always. May He look upon you and be gracious unto you and give you peace.

And so, as Dicken's Tiny Tim observed, ***A Merry Christmas to Us All My Dears, God Bless Us, Everyone.***

Our Christmas Message

As I sit here on Christmas Eve, reviewing last year's message on the weighty importance of feeding on God's word, I can't help but ponder my deep gratitude to Father God for all the blessings that have been bestowed on us. Yes, provision for life and the blessings of friends, family and community.... ALL of that! Yet better still are the spiritual blessings which are too numerous to count. It's the reason for the season after all...but have we really comprehended the depth of his love for us and the vastness of what is at our disposal? 1 John 3:1. Do we even begin to operate by the spirit under renewed minds as we are instructed in that precious word?

We have a better being/existence than Adam and Eve. While they experienced communion with God in the garden we have UNITY. We existed in God before time and the foundation of the earth. We came from God and are made in his image and likeness. But through Adam humanity fell from one state of consciousness/being to a "lower or lesser" state of consciousness/being. "Heaven" is the ultimate state of being....in full time and complete consciousness of the creator God and the creation unencumbered by time. Hell is the inverse of Heaven.....a lack of consciousness of the creator God. But we are reminded.... even if we make our bed in hell God is with us. We just are not conscious of His presence because our spiritual senses are not active.

God has never changed or changed position! He is steadfast! His will has always been for us and not against us!

Salvation/Eternal Life is to know God and to be led and ruled under spiritual enlightenment!

Since the fall, humanity has been born with a kind of spiritual amnesia. We don't know who God is, who we are, or why we are here. These are the basic questions in life that we are wired to answer. We become "spiritually awakened" when we choose to believe that Jesus is the way, the truth and the light. He died so that our blind, deaf and dumb spirit beings would be raised to consciousness again! To experience spiritual rebirth or "born again"! John 14:20 On that day you will realize that I am in my Father and you are in me, and I am in you.....UNITY with the Godhead.

What born again really means isn't reciting the sinner's prayer. We don't see an account of Nicodemus reciting the sinner's prayer in John 3. What we do see is Jesus explaining that one cannot see or "perceive" the Kingdom, which Jesus brought with him and seated/enthroned with Christ. I am persuaded that NOTHING can separate

Family Projects & Photos

It always amazes us how time flies by and how much goes on from year to year.

On these pages find a sampling of the goings on for 2024. We hope you will enjoy. There's no particular order but what is here is captioned for your benefit.

After school in New Hampshire in March of this year Peter stopped at the bear carving capital of the east in Troy, New York. There is just about any size or rendition of bear there and they do custom furniture and more.

Nathan is still very much into HO scale model railroading and the new layout is progressing. Only a couple small photos now, but we'll show a lot more in the 25 version of the news letter.

We continue to enjoy our family gathering point, our building and summer kitchen, Bethel. We had quite the gathering for Memorial Day, the Forth of July and Labor Day with lots of family and friends.

One of the projects completed this summer was the correction to the wiring in the slide on the camper. All in all, it was a good investment with this being the only real issue after several years of service. When not on the road, it serves as our bunk house and works out perfectly to that end. The boys also worked on improving the parking area at the lake so we can accommodate more friends, neighbors and family vehicles. From here things just got busy .

Elisha

Charlotte

So, we could drag out the whole rest of the year, but better still we'll include the photos with captions. The first of these are from the Easter period which is our first get-together of the year. Agape Bear is Tammy's avatar who

Nathan

After 25 years, the buried power to our cabin in Cool Rocks (Southeast end of our property) suffered a major failure. So, Peter & Nathan got to work with the excavator and installed newer, larger cabling and put internet in the ditch as well. So the cabin can now communicate with the rest of the farm and the outside world if desired. Now one must understand that this is a long ditch.

Our Christmas Message

(Continued from page 4 - Message)

us now. We By one man Adam all died....but by one man Jesus all live.

Jesus the word.....the creative spoken will of God who was God and was with God became flesh, became the Godhead in an earth suit to become one of us so that we may become him through our inclusion in the pre crucifixion abuse, crucifixion, burial, decent (jail break), resurrection, ascension and enthronement.

"God Almighty!" "Hallelujah!"

If Jesus thought it not robbery to be equal with God, we should not be ashamed of the Gospel that gives us power to be called sons and daughters of God....Brothers and sisters with Christ and heirs apparent!

An heir apparent is someone who is guaranteed to inherit property from an estate, as long as they survive the person they are inheriting from:

- Their right to inherit is indefeasible, meaning it cannot be taken away unless they die before the person they are inheriting from, or if are not just stuck like glue, we are homogenous!

We therefore have already been blessed with every , and is

(Continued on page 9 - Message)

Our Christmas Message

(Continued from page 8 - Message)

already established on the earth, unless we make a conscious connection with our spiritual re-birth and begin to live from our reality as spiritual beings having a human experience rather than mere mortals having a spiritual experience.

they are legally excluded by a valid will.

- They are first in line to a title or office, and their position is secure regardless of future births.

In a hereditary system that uses primogeniture, the eldest child of the sovereign is usually the heir apparent to the crown.

Heir apparent can also refer to someone whose succession to a position or role seems certain.

Since part of the deal is eternal life, our inheritance is secure! Our benefactor is eternal as are we! We are not just endowed with blessing'swe have been endued with the same power that rose Jesus from the grave!

And no one was excluded from unity with Christ. All of humanity was crucified with Christ and therefore freed from their espousal with sin and death. They were buried with Christ, descended into the deep with Christ, resurrected with Christ, ascended with Christ spiritual blessing and everything needed for life and Godliness. We have the mind of Christ and Godly wisdom. We have Dunamis power and exousia authority.

But to whom much is given, much is required.

We are charged with unsubjecting creation to futility. We were born into and for this time. We are "Like God" with creative energy and should be about the Father's business of creating order out of chaos.... (God the original chaos coordinator.) Understanding the father in us unity.... means we are partakers of the divine nature.....and no, this is not hearsay.... it's biblical....and of biblical proportion.

Understanding what born again means is being.... living.... existing in freedom from the law of sin and death and being, living wholly and completely with the same righteousness, power and authority as Jesus....the Godman....our firstborn brother. As He is in this world, so are we! His name is above every name and in the same book and page are our names are written.

(Continued on page 10 - Message)

Our Christmas Message

So, what if we took these truths to be self-evident? What if we believed God? What if the Godhead is waiting on us, the sons and daughters of God “revealed”....to know our true purpose and to get busy with the assignment.

What if we became the full measure of the stature of Jesus. What if we healed the sick, cast out demons, cleansed lepers and raised the dead. What if we sought and accomplished greater things. What if we stopped believing in a future doomed by end time theology.... (which is now ancient history)and created our bright and glorious future by speaking life and light? What if we stopped being obsessed with rapture and tribulation and became obsessed with "outing" the Kingdom within us and releasing it onto the earth? What if we discovered and explored our righteousness and our “sonship” and matured into sons and daughters who have truly adopted the vision of Father God and execute his will?? What if we understood that the antichrist is a spirit, not flesh and blood, and has been illegally deceiving nations for centuries and IS and WAS defeated along with death, hell and the grave! What if we just picked up our bibles and gave the Holy Spirit an opportunity to lead us into all truth? What if we truly understood and walked in unity with the Godhead? What if we are “US”; unity in spirit, of one accord, according to the pleasure of His goodwill of which we as heirs are executors, responsible to carry out the vision.

Then earth will be as it is in heaven and God's kingdom will live happily forever and ever.
